大問4 英文要約 模範解答

Food-sharing applications help shops sell unsold meals and baked goods at lower prices instead of throwing them away. Customers can save money, businesses recover some costs, and users may become more aware of food waste. However, customers have limited choices, collection may be inconvenient, and clear safety and refund rules are needed.

大問5 意見英作文 模範解答

I think public libraries should remain open later on at least two evenings each week. First, students who have classes or part-time jobs during the day often need a quiet place to study. Longer hours would make the library more useful to them. Second, adults who finish work late could borrow books, use computers, or attend short educational programs. Of course, hiring staff for extra hours would cost money, so libraries could begin with a limited trial. If enough people used the service, the local government could consider

continuing it permanently.
